

## MICHIGAN MODEL ASSESSMENT ACTIVITY

1. **List the grade level, lesson and specific activity you will be demonstrating:**
2. **List the Health Education Standard(s) and Benchmark(s) this activity addresses:**
3. **List the Student Learning Objective from the lesson that this activity addresses:**
4. **Identify the student product** (e.g., Power Point presentation, group skit, written story, photo essay, oral presentation, advertisement, puppet show, pamphlet, written plan, other)
5. **Adaptations needed** (e.g., provide more time for practice in the lesson before scoring student work):

6. **Develop your rubric:** Indicate below the specific criteria you will use to score. Score point #3 should include all the criteria that need to be met in order to meet the standard.

4  
Yes, and

3\*\*  
Yes

2  
Yes, but

1  
No

--	--	--	--

*\*\* Start building your rubric with the criteria for score point #3, which indicates that the standard has been met.*
